SAHIL GUPTA

Full-Stack Developer | AI Developer

+919004682901 guptasahil8361@gmail.com LinkedIn GitHub Portfolio Mumbai, India

PROFESSIONAL SUMMARY

Full-Stack Developer with hands-on experience in building responsive web applications and AI-powered solutions using **React**, **JavaScript**, and **Tailwind CSS**. Skilled in designing application architecture, planning development pipelines, debugging complex issues, and integrating AI technologies into real-world applications. Currently expanding expertise in full-stack and backend development.

WORK EXPERIENCE

Artificial Intelligence Intern | Internship
Mar 2026 - Jul 2026
ZEEX AI (IIT Madras Startup)
Remote • Mumbai

- Researched, evaluated, and integrated **AI models** for business applications and workflow automation.
- Developed **Whisper-based speech-to-text pipelines** with speaker diarization and audio preprocessing.
- Tested and deployed **AI-powered features** to improve transcription quality and workflow accuracy.

Technologies / Skills Used : *Artificial Intelligence, AI Models, React, Tailwind CSS, FastAPI, Python*

EDUCATION

Nirmala Memorial Foundation College | Mumbai
Jun 2024 - Apr 2027
B.Sc.IT
CGPA : 9.73

PROJECTS

UrbanIQ

- Developed an **IoT-based smart road monitoring system** using ESP32, MPU6050, and GPS for pothole detection and real-time road-condition tracking.
- Built **React Native and web interfaces** with multilingual reporting, distance-based pothole alerts, and real-time notifications.

Technologies / Tools Used : *React Native, Expo, PostgreSQL, ESP32, MPU6050, GPS Module, React, Tailwind CSS*

AI Audit | Visit

- Developed an **AI-powered survey audit platform** for speech transcription, speaker identification, transcript comparison, and automated reporting.
- Built workflow features to **reduce manual transcript verification** and improve the accuracy and efficiency of survey audits.

Technologies / Tools Used : *React.js, Python, FastAPI, Whisper, FFmpeg*

SP Impression Hub | Visit

- Developed a **responsive bilingual business website** for printing, personalized gifts, and citizen-service solutions.
- Designed **user-focused service pages and interactive sections** to clearly present the business offerings and improve the overall user experience.

Technologies / Tools Used : *React.js, JavaScript, Tailwind CSS, GSAP, Lenis, Framer Motion*

SKILLS

Programming Languages :	JavaScript
Frontend :	React.js, Tailwind CSS, HTML, CSS
Backend :	Node.js, Express.js, REST APIs
Databases :	MongoDB, Supabase
AI & Technologies :	AI Model Integration, Prompt Engineering, AI-Assisted Development, Speech Processing
Tools & Platforms :	Git, GitHub, Vite, Expo, Postman
Animation & UI :	Framer Motion, GSAP, Lenis
Soft Skills :	Problem Solving, Adaptability, Communication, Decision Making
Languages :	English, Hindi, Marathi

CERTIFICATIONS

- Completed an Artificial Intelligence Internship at ZEEX AI.
- Finished The Complete Full-Stack Web Development Bootcamp (62 hours).
- Completed the AWS Artificial Intelligence Practitioner Learning Plan.
- Participated in the Generative AI Mastermind.
